2018 Best of Design Awards winner for Interior – Healthcare: NYDG Integral Health & Wellness, Brandon Haw Architecture (Albert Vecerka/Esto)

2018 Best of Design Award for Interior – Healthcare: NYDG Integral Health & Wellness

Designer: [Brandon Haw Architecture](#)

Location: New York

Situated in Manhattan's Ladies' Mile historic district, the NYDG Integral Health & Wellness is the new, 7,000-square-foot flagship facility for the New York Dermatology Group. Eight blood work and nutrition treatment rooms, two treatment suites, and a spa are integrated into a single 10-ft space. Treatment-room walls were custom-built in Italy using yacht hull technology. Small details like bronze trims, door pulls, and cabinetry were introduced to complement dark reclaimed wood block floors.
